2012 PRICE LIST

Horse Training

Due to the nature of our in-depth program, we do not take horses in training for less than sixty days. We intentionally keep our training horse numbers low and strive for a ten head limit with two riders.

Training fees include: Board; good quality hay and/or pasture and salt/mineral block or free choice. All other expenses will be billed including but not limited to; shoeing, vaccines, worming, vet care. All training prices include two hours of free individual lessons per month, additional lessons may be purchased at the regular lesson rate listed below. Lessons are to be taken before horse in training is allowed to leave unless prior arrangements have been made. In addition to lesson time, we encourage owners to come often to observe the progress of their horse. Observations are not charged for and are a good tool to enhance the investment you are making in your horse.

\$975 per month - No cattle work or travel training of any kind.

\$1075 per month - Training on cattle:

May include tracking & rating, basic ranch cutting maneuvers, roping (arena & ranch), alley and gate sorting, moving between pastures, and more.

Clinic Host Package

When hosting an MJ Rising H Ranch clinic there are some responsibilities and some benefits. We work closely with all our hosts to ensure a successful event for all!

Host Responsibilities:

Help set clinic date.

Procure a facility suitable for clinic type; take care of any necessary paperwork for that such as facility contracts and details of what insurance requirements we need to provide.

Determine additional rider fees; stall, parking, cattle, etc.

* MJRHR Clinic fees DO NOT change, rather these additional fee's must be stated on the rider application either as an individual fee or lumped into the Facility Fee charges. Exceptions are made for events produced by others and where MJRHR is just teaching or demonstrating at.

Fill the clinic with the minimum number of riders required.

Provide obstacles and/or cattle as listed by MJRHR; depending on clinic type.

Distribute promotional material if needed; provide by MJ Rising H Ranch.

Handle rider application process and collect all deposits and balances.

Act as on-site organizer.

In addition to the required clinic fee the host will provide MJRHR lodging for 2-4 horses, one meal per day per instructor, and RV parking with electricity and water for MJRHR trailer.

Host Benefits:

When the clinic has reached the required minimum the host is gifted a free rider spot. They may choose to utilize it themselves, or they may sell it and retain the monetary value themselves. For clinic hosts that go above and beyond the call of duty we often offer free lessons or coaching, rider spots at our other clinic locations.

We will advertise your clinic:

On our website.

In the event schedule of over 10 horse publications west of the Rockies.

In print ads in horse publications in the NW & California.

On our flyers distributed at Horse Expo's, Horse Competitions and all our clinics west of the Rockies.

We will also furnish you with promotional material you can distribute in your area for your specific clinic location.

Call us for more details and to schedule your clinic!
