Leading Trainers & Coaches of Champion Horses & Riders

The Proof of the Program . . .  
Is in the Performance

## 2010 Trail Clinic Series For Competition or Recreation Happ's, Inc. ~ Ethel, WA

Valuable yet simple tools to handle any "scary" obstacle, for trail competition or riding outside.

Effective leg and rein aid communication needed to negotiate any obstacle.

Fundamental horsemanship skills required for **controlling challenging situations with confidence** and for maneuvering difficult obstacles such as water crossings, rocky terrain, logs, bridges, gates, and other tips to help your horse become fine tuned, **respectful**, and a **willing working partner**.

See how *Team Hoover* students stay in the winners circle!

Learn to use the horse's **natural curiosity and draw** to replace fear with confidence and courage.

**Gate opening** made simple, navigating **deep narrow ditches** with "buggers", introduction to **water & diverse terrain**, high narrow bridges, ground tying, **backing ditches**, and more. Obstacle type depends on location.

### Sessions on judged Trail Competition:

Learn what it takes to create winning ways in the eye of the Judge on intermediate level obstacles.
